

Changes at Sundre United Church

April 26, 2021

Sundre United Church, like many other organizations during this pandemic, has recently made financial adjustments to compensate for reduced rentals and lack of fundraising opportunities. Unfortunately we have been forced to eliminate our office administrator position and therefore will no longer have regular office hours.

Sundre United Church members would like to express our appreciation to Kathy Taylor who has served as our office administrator for the last 7 years. We will miss her pleasant manner, dedication to organizational details, communications skills and willingness to investigate new ideas.

We are pleased to announce that Deb Ellithorpe, will be our new bookkeeper and has also volunteered to act as the leadership team secretary. Her previous experience with our Church has already proven valuable as we move through this transition period.

Sundre United Church emails and phone messages will continue to be checked on a regular basis.
